<b>Description of Blue Star Item</b>	<p>Smart screens have been installed at both compounds. The screens are 70 inch Smart 807: Smartscreen which are interactive. Both screens are fitted with HD Camera + microphone to enable conferencing and briefings to be conducted from both offices to prevent travel saving time and fuel. The screens can also act as a flip chart saving on paper. Both screens have Skype for Business to allow video calls and presentations from desktops to be shared. The interactive nature of the screen allows for documents to be drawn on and edited during meetings. A daily meeting (4Cs meeting) is held to plan for the following days activities. The location of the works is drawn on a site plan so any interface issues or pinch points can be identified. It also allows for visualisation of exclusion and segregated areas.</p> <p>Highways England - the Client - has an account which means they can share their desktop through presentations.</p>
<b>Benefits of Blue Star Item</b>	<p>Allows an interactive view of the whole job which:</p> <ul style="list-style-type: none"> <li>Facilitates co-ordination of all work across the project</li> <li>Mitigates interface between work operations</li> <li>Allows for forward planning of work and highlighting interface issues. Also helps for showing visitors where works are happening.</li> <li>Promotes engagement during meetings</li> <li>Encourages engagement with client</li> <li>Both ends of the job have access to daily 4C's meeting, therefore eliminating journeys from one end of job to the other</li> <li>Client can share desktop which reduces journeys to site</li> <li>Saves paper as drawings do not have to be printed</li> </ul>
<b>Details and Cost of any Specific Product</b>	<p>70 inch Smart 807: Smartscreen - £8,500            Link account - £3.60 (per month/per user)            HD Cameras and microphone/speakers - £1200</p>
