Description of Blue Star Item	In accordance with compliance with RtB 12 – Occupational Health. Balfour Beatty has developed a 3 year action plan called 'The Road to Improved Health and Wellbeing in Major Highways'
	A 2016 Action Plan includes a series of activities and communications to address different health and safety topics and focuses on; Design and Working Practices, Health and Wellbeing Education, Effective Leadership and Ownership, and Health Surveillance
	An Events Calendar has been prepared for 2016 to help deliver the plan. As part of the plan, pre-employment health assessments are required to provide evidence of fitness for work. Occupational Health Buses have been brought in, including for night shift workers, to provide health information and advice. A six monthly review of the plan will be carried out to check progress and develop an action plan for 2017. Fresh Fruit boxes are being provided in offices and welfare cabins on Mondays to help promote a healthy lifestyle
Benefits of Blue Star Item	 To develop best practices to eliminate, minimise and manage adverse impacts on the health and wellbeing of both our own and supply chain employees. A clear plan in: Greater engagement with employees and the supply chain enabling improvements in competency, information, co-ordination and control Innovation in health risk management by better use of specialist resources The promotion of healthy lifestyles
Details and Cost of any Specific Product	Currently the cost per project is not finalised. Fruit costs are approx. £200 per week. When the Zero harm education bus is on board a more refined cost will be stablished

aiming for zero One workforce, zero harm
