

PEOPLE & PLANT INTERFACE

SAFE PEOPLE

Safe People are competent, capable and they always behave safely.

EVERYONE should:

- **Be fit** (mentally & physically)
- **Be inducted** (full or drivers')
- **Be informed** (site rules, emergency arrangements)
- **Be briefed** (RAMS & POWRA)
- **Be supervised** (monitor competence & compliance)
- **Be competent** (trained for roles)
- **Be seen** (PPE)
- **Be separate** (use walkways, segregate plant)
- **Be safe** (Use Thumbs Up approach)
- **Be aware** (DO NOT use mobiles or headphones)

Further details for operators and workers can be found in our TBT.

Thinking differently, making better decisions and changing lives.
