

DID YOU KNOW

KEEPING YOUR
VEHICLE CLEAN
HELPS TO KEEP YOU
SAFE... AND LEGAL

At this time of year even short journeys can mean that your vehicle can get very dirty very quickly.

We all know that we have to keep our windows clean and clear, with nothing obstructing the view – always take the time to fully clear your windows on cold and icy mornings.

As the driver, you have a legal duty to make sure that your number plate is clean and visible – failure to do so could result in a £1000 fine.

It's also essential to keep headlights clear and reflective markings clean.

Before your next journey, please check the following and take a few minutes to make sure you can be seen and that you can see others:

- Headlights and side lights, including indicators
- Rear number plate light
- Reflective markings and chevrons
- Safety equipment, including beacons

STAY CLEAN, STAY SAFE, STAY LEGAL
